Certain conditions apply
and are valid in the Sydney
Metropolitan area.

Is your school serious about security? Are you concerned for the safety and welfare of your students, teachers and property? 2 Telecom and Security has the complete solution and our team of dedicated experts are standing by to assist your school to:

- prevent and identify unauthorised persons
- monitor remote entrances and exits
- keep track of housekeeping
- protect school property and identify vandals
- record incidents of bullying and harassment
- track or prevent thefts of property
- help stop the use of cigarettes, drugs and alcohol on school premises

2 Telecom and Security Pty Ltd will provide video surveillance installation to your school and will contact the NSW Department of Educations' School Security Unit to ensure that it complies with their requirements.
